

THE BILL OF RIGHTS

On July 4, 1776, the United States of America was born with the adoption of the Declaration of Independence. On September 17, 1787, the United States Constitution was adopted (though the ratification wasn't completed until June 21, 1788). The first 10 amendments to the United States Constitution are called the Bill of Rights.

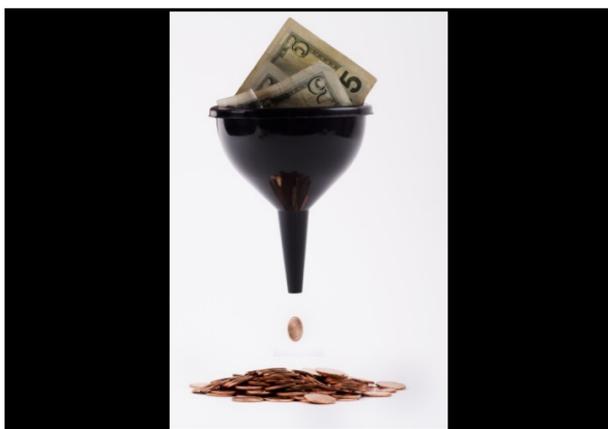

It is this time of year to remember the rights provided to us. New York State has a Taxpayer Bill of Rights that the Department of Taxation must abide by.

You have the right to receive fair, courteous and professional service from the Department. We all have bad days but Department representatives should treat you with respect. You have the right to privacy and confidentiality. If the Department requests information, you can ask why they want the information, how it will be used and what happens if you don't provide it. You have the right to protest an assessment. Just because an auditor believes you owe a certain amount doesn't mean you do; you might not win your dispute but you do have a right to dispute it. You have the right to apply for a payment plan if

you can't afford to pay your entire tax liability when due. If you owe a substantial amount of money, this may be your only choice.

There are plenty of other rights provided to you but the last one we'd like to mention is your right to representation. If we can help you handle your audit, resolve an existing liability or help you prevent an issue from arising, please call us!

NYS TAXES SETTLED FOR \$0.12 ON THE DOLLAR!!

The owner of a business personally owed \$620,000 to the New York State Department of Taxation and Finance from sales tax liabilities stemming from his business. Due to his financial situation, he was never going to be able to repay the amount due especially considering that interest continues to accrue every day. Sales Tax Defense LLC submitted an offer to the Tax Department to settle the taxes for less than the full amount.

In the end, even though the settlement was for trust taxes, we were able to settle the taxpayer's \$620,000 liability for \$75,000 through the Tax Department's Offer-In-Compromise program. Not only was the liability settled for \$75,000, it was agreed that the \$75,000 could be paid over the next 4 years through monthly installments! This settlement equates to 12 cents on the dollar!

ABOUT OUR FIRM

We are a dedicated team of sales and use tax professionals who have committed our careers to helping businesses and fellow professionals with sales and use tax problems.

Since the only work we are focused on is sales tax consulting, businesses never have to be concerned that we will try to sell them other services they do not need. And professionals never have to be concerned with us encroaching on their client relationships, because we view you, our fellow professional, as our client.
